Bellavitano Merlot

COW'S MILK - WISCONSIN

The Bellavitano style, unique to Wisconsin, features a rich and creamy texture with a great, cravable taste reminiscent of an aged, premium cheddar balanced by a full flavored Parmesan. This Bellavitano is then soaked in Merlot to give it extra tang and a delicious Merlot flavor.

Delea "Chiar Di Luna" 2017

**TICINO - SWITZERLAND
100% MERLOT**

One of the few white merlot produced around the world, this is from the small Italian speaking region of Southern Switzerland, Ticino. A fresh, light, pale yellow summer wine with a flowery bouquet of violets, apples and pears. It has a marked crispness on the palate, a slight sweetness and a wonderful freshness. The intense flowery notes are supported on an appealingly full-bodied structure and the apple and pear notes are repeated here.

Thorn 2015

**NAPA VALEY - CALIFORNIA
81% MERLOT, 19% BLEND OF
SYRAH, PETITE SIRAH, MALBEC**

Earthy aromas open up into cocoa, blackberry, cedar, and anise. The entry is smooth with flavors of cherry, chocolate, vanilla, and a mild toastiness. The finish is long with balanced acidity. While working with their growers in the Napa Valley, the winery came across small, premium vineyard plantings of Merlot, which managed to escape being replanted to Cabernet Sauvignon. This served as the inspiration to create Thorn. The sources of Merlot were blended with Syrah to create depth in the body while Malbec accentuates the fruit.
